

EZVIZ DL05

Smart Fingerprint Lock

Enjoy easy keyless entry of a safe home

The DL05 sticks to the core values of a truly smart lock – easy to unlock, smart in controls, and safe by design. Connected via Bluetooth or Wi-Fi, it boasts flexible unlocking methods, and connects you to your home wherever you are via the EZVIZ App. Under a modern and sleek appearance, its sturdy lock body and multiple safety features help guard your entrance properly.

Multiple Unlock Methods

Easy Control via EZVIZ App

Real-Time Mobile Alerts

Supports Temporary Access Codes

Supports Anti-Peeping Codes

Supports Child Safety Lock

Built-In Electronic Doorbell

Anti-Tamper Alarm

Weatherproof Design¹

Supports Emergency Power Supply

Low-Battery Warning Signal

Smart Integration with EZVIZ Cameras²

Home access at your fingertips

Now you don't have to be anxious about losing your key or forgetting long codes. Simply grab the handle to naturally place your fingertips on the scanner, then you're in.

-  Processes & stores fingerprints locally
-  Stores up to 50 pieces of fingerprints
-  Auto-locks³ after 5 successive failed attempts in 5 minutes

Unlock as you prefer, for ones your trust

Swipe open or tap in permanent/temporary passwords.

Or, use smartphones to open or assign access remotely.

Unlock door remotely via your mobile phone

Share the bluetooth key to your family

Create temporary passcodes for visitors

Add new members to unlock the door

Stay notified, feel securer

Get the message notifications via the EZVIZ App, whenever and wherever. You receive push notifications when your door is opened or when the lock's battery is low. You will also be alerted when there are suspicious activities of removing your lock or forced entry.

Interconnected control starts at your front door

Explore DL05's smart potentials by connecting it to a collection of EZVIZ smart home products. With the help of an interlinked EZVIZ indoor PT camera², you know not only when the door gets opened, but also who enters with an auto-recorded video.

Double-layered security, extra peace of mind

The DL05 auto-locks behind you whenever you close the door, and it allows you to activate the child lock to prevent your energetic children or pets from accidentally opening the door from the inside.

You can also enable its privacy mode if you don't want to be disturbed – then only the administrator can open the door⁴ from the outside, and the lock's alarm sounds will be muted.

Auto-Lock³

Child Safety Lock

Privacy Mode⁴

Sturdier than you
might expect

Supports anti-peeping codes

Anti-tamper alarm

IP65 weatherproof design¹

Plenty of power for a busy household

The DL05 offers a long standby time – up to 365 days⁵ – and it's easy to change the batteries when needed. You can switch between the Wi-Fi mode and the Bluetooth mode via the EZVIZ App to make better use of the battery.

**Up to 1-Year
Battery Life**

**Emergency
Power Supply**

1 Please note that only the exterior lock panel of the DL05 is weather-resistant.

2 The DL05 currently supports the following cameras to snap a photo or record a video at the certain preset viewing angle upon sensor detection: H6c, C6N, CP1, TY1, TY2. The list may grow as EZVIZ launches more compatible products in the future.

3 The auto-lock function is supported when using the fingerprint, passcodes or proximity cards to unlock the door.

4 When the privacy mode is enabled, only the administrator can unlock the door using his/her fingerprints, passcodes or proximity cards, or anyone with the mechanical emergency key.

5 When being connected via Bluetooth with the Wi-Fi mode disabled, the lock can run up 365 days with fully charged batteries based on the usage of 10 openings per day. When the lock is connected via Wi-Fi, its battery life may reduce due to internet activities, and the actual use may vary due to the network stability or other environmental factors. When your home network is not reliably stable, it is recommended to turn off the Wi-Fi mode to better manage the lock's battery usage.

Specifications

CS-DL05-R100-WBCP-GR(M)/CS-DL05-R200-WBCP-GR(M)

Material and Specification

Panel Material	Aluminum alloy
Panel Size	360 × 67 × 27 mm (14.17 × 2.64 × 1.06 inch)
Color	Metallic grey
Lock Body Type	Lift-up lock body
Lock Cylinder	5085 / 6068
Weatherproof	IP65 (Front Panel)
Emergency Charging	Type-C
Working Power	1.5V AA alkaline batteries x8

Technical Specification

Unlocking Method	Fingerprint, passcode, proximity card, mechanical key, bluetooth key via EZVIZ App, temporary codes, remote unlock
User Capacity	50 pcs
Fingerprint Capacity	50 pcs
Passcode Capacity	50 pcs
Card Capacity	50 pcs
